

San Antonio Pets Alive! is seeking an energetic, Texas-licensed DVM to join our team as either a part-time or full-time veterinarian. San Antonio Pets Alive! is a High-Volume Pet Partner of the City of San Antonio's Animal Care Services and saves more than 5,000 dogs and cats from being euthanized. A primary program of San Antonio Pets Alive! is its medical clinic. The clinic team manages a diverse case load of rescued animals. This position provides patient care oversight and direction ensuring all protocols are followed. The clinic team consists of a clinic manager, assistant manager, four vet technicians and five animal care attendants. The day-to-day management of the staff is the responsibility of the clinic manager. San Antonio Pets Alive!'s clinic is equipped with an ultrasound machine, microscope, medical supplies and will soon have a digital x ray machine.

Interested applicants should send their resume to:
